New Delhi: India's first ever supersonic passenger jet, the Rs 7,700 crore Dreamliner, will be christened by Prime Minister Narendra Modi in New Delhi. The Dreamliner will be making its first flight on April 11, 2015. At the time of its launch, the Dreamliner is expected to attract many passengers from India to experience what the Mumbai-Delhi commercial flight is like. The Dreamliner comes at a time when Delta Airlines, which operates over 35 jets, has announced its decision to retire its two Boeing 757s used as long-range high-speed jets by January 2016. The Dreamliner is made by Boeing and has a maximum range of 7,500 kilometres and can fly at a maximum speed of Mach 0.84. The Dreamliner has three classes — First, Business, Business Extra and Economy. The seats recline and the cabin is more quiet, allowing for a more comfortable flying experience. Boeing developed the Dreamliner in partnership with India's Reliance Industries to the tune of US \$8.5 billion. The Dreamliner, which is a modified Airbus A319, is scheduled to make its maiden flight from Mumbai to New Delhi on April 11.
